

### **Circular Walk Starting and Finishing in Outer Hope**

Follow the coastal path towards Thurlestone up the steep hill and on through the gate to a dip, which overlooks Beacon Point. Follow the right fork of the path, as the left is impassable due to erosion. As you reach the bottom of the next hill the path bends to the right and goes through a gate down to the road. Follow the road away from the beach, up the valley towards South Huish Farm. Opposite the road to the farm is a narrow lane, follow this up the hill until you come into a field. Keep forward, with the hedge on your left, to a gate on to the road.

Turn left, and after 40 metres cross a stile in the hedge on your right and go straight across the field to a short track into the road. Turn right along the road then left down a lane on the far side of the first house. Turn left at the road, and then right into Bennis Close, at the bottom of which climb the post and rail barrier and continue down the field to the footbridge. Cross the field to a stile in the hedge, which leads to a well-defined track.

Go along the track and up the field to a stile in the wall beside a gate. Turn right over the stile and on to the ridgeway path, keeping the hedge on your left. Follow the hedge through several fields to come out at a gate and down to the road. Cross the road and go down the steps to the left of the chapel, and take the first turn to the right back along the path to Outer Hope Cove.
