Painting at Hope Cove

15th November 2018 10 - 4pm

£45 including 2 course lunch

Join Emma Carter Bromfield 'Island Artist' for a day of relaxed expressive painting at Hope Cove at the lovely **Cottage Hotel** situated right on the cliff at Hope Cove overlooking the beach.

The painting course will focus on the sharing of ideas, inspiration and skills and techniques so you can advance your artistic skills significantly at whatever level you are; whether a beginner or advanced. As the painting groups are small (maximum 12 people), individual tuition is given as much as you desire. This course is perfect for people who want to explore acrylic painting/mixed media in an expressive fun way and throughout the day the course is adapted to the students, their needs and experience and what they want to enjoy!

The experience of being on location at Hope Cove at The Cottage Hotel is also about being immersed in a beautiful place with great food, good company, fantastic views of the sea, the beach, the boats, the people. It is a day to explore painting in a relaxed and friendly environment. We have the use of a great room with enormous window over-looking the beach. If it is good weather you can of course paint outside if you wish. It is a one minute walk to the beach.

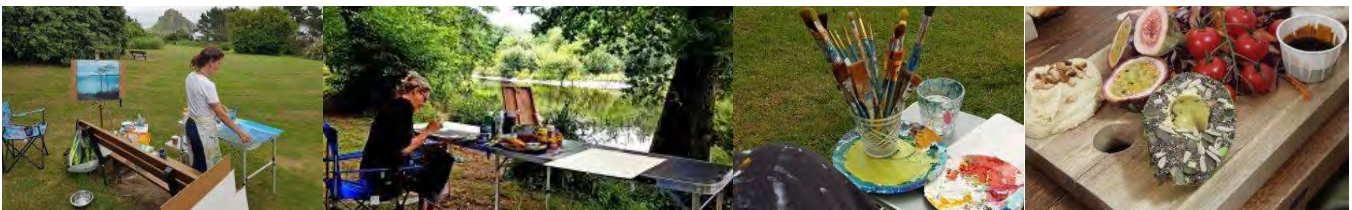

Cost £45 to include a 2 course lunch especially prepared by the Cottage Hotel and coffee in the very funky new lobster pods outside(picture above).

Only 12 places are available and does not include materials so please bring your own. A suggested list is attached.

Emma also offers non-residential courses run all year-round with each season providing its own unique atmosphere. The summer courses tend to be outside based in good warmer weather meaning lots of courses make use of fantastic locations nearby. Residential courses run in July and August. We have two double luxury rooms with a private bathroom or you can make use of the lovely local excellent B&B's or hotels near here. There are plenty and to suit all tastes and budgets.
